Live Life to the Fullest!

This year NHOTA offers you a 1.5 Day Event! Choose to attend both days or come for Friday only.

Friday's Keynote Speaker:

Dr. Ginny Stoffel OT, PhD, BCMH, FAOTA
"Moving Forward Into Leadership" This presentation will help you blend knowledge into practice and inspire you to be a leader in your profession!

Friday AM: Session 1

A) "Using the Wii With All Ages" Learn the basics of how the Wii system can be used to improve functional outcomes. Presented by: Mary Forbes COTA/L and Tim Lunn OTR/L, MS

B) "Developing Critical Thinking Skills for Cognitive Assessment" Learn the importance of forming a solid foundation in ourselves when establishing a thoughtful cognitive rehabilitation program. Presented by: Donna Beaudin OTR/L, CBIST, NHA

C) "Introduction to Brain Gym" Come and experience Brain Gym and learn how to incorporate this tool into your OT treatment plan. Presented By: Bonnie Hershey Med, Instructor and Director of The Kinesiology Connection.

D) "Reframing Stress Management" Learning how to apply occupation-based interventions to individualized stress profiles. Presented by: Barbara Prudhomme White OTR/L, PhD and Barbara P. Kresge OTR/L, MS

Friday PM: Session 2

E) "Using the Wii With All Ages" Learn the basics of how the Wii system can be used to improve functional outcomes. **This session is a repeat of am session.** Presented by: Mary Forbes COTA/L and Tim Lunn OTR/L, MS

F) "Developmental Milestones: Vision and Development" Learn how developmental milestones are impacted by

vision development and how to integrate visual activities into your OT program. Presented by: Dr. Amy Pruszenski O.D.

G) "Cognitive Assessment and Rehabilitation in Occupational Practice for Adults" This session will build on morning workshop "B" on the importance of executing an evidence based, occupationally grounded, cognitive rehabilitation program. Presented by: Doug Simmons OTR/L, PhD

Saturday Session 3

H) "Sensory Processing Across the Life Span" This half day session reviews the neurology and etiology of sensory processing and shares techniques and applications to use with clients across the lifespan. Presented by: Janet Wright OTR/L, MS and Heather Vasilopoulos OTR/L, MS

This one and a half day symposium will highlight leadership as we move forward in our profession. Moving forward implies a dynamic path of career and professional development.!

Join us to learn how you can facilitate change!

Cost includes continental breakfast, lunch, parking and all sessions.
